

# Can I Get My Bivalent COVID-19 Booster Shot?

The COVID-19 virus changes over time. Our bodies' defenses need to change with it to keep us safe. Booster shots of COVID-19 vaccines help our bodies keep up with the changing virus. This guide will help you decide if you are currently eligible for a booster shot.

Even if you can't get your bivalent booster shot right now, you'll need to get boosted as soon as you are able. Booster shots offer the best defense against getting very sick from the Omicron variant.
